

CONGRATULATIONS!

You have just joined the Hopkins Football League!

We look forward to having you in the HFL this year!

EQUIPMENT INFORMATION

- The HFL will provide each player with a game jersey, game pants, a helmet, shoulder pads, and leg pads in early August.
- *You will need to provide practice pants, water bottle, socks, cleats, mouth guard, cup/supporter, and a practice jersey.* We will have these available for purchase on the date of equipment pick-up.
- **Your equipment deposit check** will be held until the end of the season. It will be returned to you when all of the equipment has been returned and is verified to be clean and in good condition.

Your game jersey will be yours to keep after the season has ended.

TEAM INFORMATION

- Although the HFL strives to place players on teams containing one or more players from the same school, there is no right or guarantee that your child will have a particular coach, play for a particular team, or play with any particular player(s). (Note: Details on the Registration Form)
- **You will be contacted by your Coach** as soon as the team selection is completed, but do not expect to be contacted before mid July at the earliest.
- **Practices will be 3 or 4 days a week during August and then fewer after school begins.** Most practices are on weekday evenings at 5:30 or 6:00, running for an hour and a half or so. Practice location is also up to your coach, although a majority of teams practice at the practice fields north of the High School.
